

THE POWER BEHIND YOUR PROCESS

# Compressors, Blowers & Vacuum Pumps AIR

## The Experience to Handle Your Specialty Air Needs

Trask-Decrow Machinery offers a wide range of products for your specialty compressed air needs. Let us put our 35 years of industrial process, vacuum and breathing air experience to work for you.

### Compressed Air Product Offerings

- Nitrogen Generators
- Oxygen Generators
- Zero Air Generators
- High Pressure Air Compressors to 10,000Psi
- Nitrogen Boosters
- Oilless Scroll Air Compressors
- OSHA Breathing Air Purification Systems
- High Pressure Breathing Air Systems to fill SCBA & SCUBA Bottles
- Low Pressure Blowers Up To 15Psi
- Vacuum Pumps & Complete Vacuum Packages
- High Purity Compressed Air Filtration
- Process Chillers

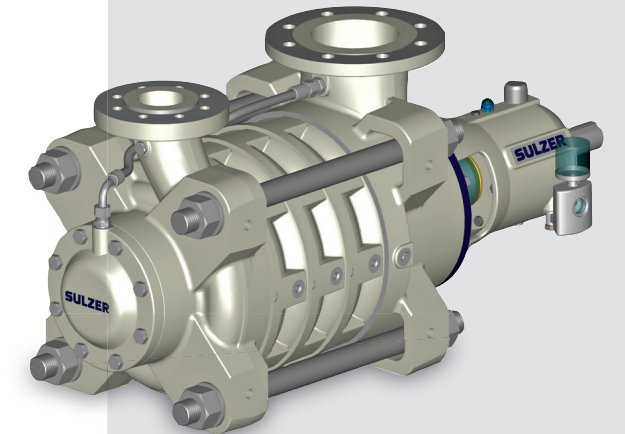

THE POWER BEHIND YOUR PROCESS

# PUMPS

## Premium Products for Every Application

For over 35 years, TDM has been committed to providing a diverse selection of premium, energy-efficient pumps to satisfy virtually any pumping application. An exceptional offering of quality pumps and parts, coupled with quality service, makes TDM the region's choice for industrial and commercial pumping needs.

- New and Used Equipment
- 24-Hour Service and Parts Availability
- Engineering and Application Services
- Repair and Overhaul of All Brands of Pumps
- Controls and Variable Speed Drives
- Motors, Couplings, Seals and Base Plates
- Field Pump Testing and Precision Flow Measurement

### PULP AND PAPER

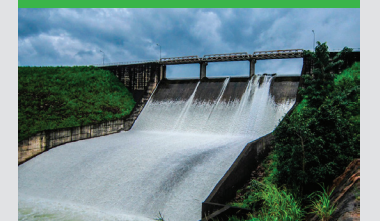

### WASTEWATER MANAGEMENT

### POWER PLANT

### HYDRO POWER

### SNOW MAKING

### FOOD/CHEMICAL PROCESSING

# Our Selection is Unmatched

We're proud to offer the widest selection of industrial pump products in New England.

Qualified and Proud Partner of

## SULZER

- ANSI & Heavy Duty Process
- Single Stage Process Pumps
- Multi Stage Process Pumps
- Specialty Pumps
- Submersible Pumps, Mixers & Aero.
- Tank Agitators
- Fan Cleaner Pumps

- Self Priming Pumps
- End Suction Pumps
- Dry Prime Pumps
- Diesel Drive Packages

- Vertical Axial Flow Pumps
- Vertical Mixed Flow Pumps
- Specialty Horizontal Pumps
- High Volume Low Head Applications

- General Service Pumps
- Hot Water & Condensate Pumps
- Horizontal Split Case Pumps

- Lube Oil Pumps
- Fuel Oil Supply Pumps
- Hydraulic Oil Pumps
- Pipeline Pumps
- Thick Stock Pumps
- Hot Oil Pumps
- Progressive Cavity Pumps
- Three Screw & Gear Pumps
- Two Screw Pumps

- Rotary Lobe Pumps for Viscous Liquids & Slurries

- Rotary Gear Pumps
- Circumferential Piston Pumps

- High Pressure Pumps
- Boiler Feed Pumps
- Solids Handling Pumps
- Vortex Impeller Pumps
- Screw Centrifugal Pumps

- ANSI Pumps
- Special Metals for Corrosive Applications

- General Service Pumps
- Hot Water & Condensate Pumps
- Vertical Sump Pumps

- Vertical Turbine
- Fire Pumps
- General Service Pumps
- Hot Water & Condensate Pumps

- Regenerative Turbine Pumps
- Single & Multi Stage
- Vertical & Horizontal
- High Pressure Low Flow

- General Service Pumps
- Multi Stage Pumps
- Low NPSH, Special Application
- API 610 Pumps

- Vertical Turbine Pumps

- Automatic Recirculation Valves for Boiler Feed & Dondensate Pumps

- Multi Stage, Vertical & Horizontal
- Single Stage Circulators

- Submersible Pumps
- Submersible Mixers

- Hard Metal Slurry Pumps
- Rubber Lined Slurry Pumps
- Submersible Slurry Pumps
- Vertical Slurry Pumps
